- A headache that gets worse and won't go away
- Weakness, numbness or decreased coordination
- Repeated vomiting or nausea
- Slurred speech
- Convulsions or seizures
- Unusual behavior, confusion, restlessness or agitation
- Loss of consciousness

COACH ACTION PLAN

If you suspect that an athlete has a concussion, you should take the following four steps:

- 1. Remove the athlete from play.
- Ensure that the athlete is evaluated by a health care professional experienced in evaluating for concussion. Do not try to judge the seriousness of the injury yourself.
- Inform the athlete's parents or guardians about the possible concussion and give them the CDC fact sheet for parents on concussion.
- Keep the athlete out of play the day of the injury and until a health care professional, experienced in evaluating for concussion, says they are symptom-free and it's OK to return to play.

ADDITIONAL AYSO COACH PROCEDURES

- 5. Submit AYSO Incident Report to Safety Director
- Refer parents to the AYSO/CDC Information sheet and SAI information available at AYSO.org
- 7. Obtain signed AYSO Participation Release from Parent/Guardian prior to return to play
- 8. Obtain a Medical Release if required by State Law
- 9. Give all signed forms to your AYSO Safety Director

AYSO REFEREE ACTION PLAN

During a game, if there is any reason to suspect a concussion:

- 1. Whistle to stop play immediately.
- 2. Call the coach onto the field.
- If safe, have the player leave the field to be checked for signs/symptoms. If any sign/symptoms are observed, the player must not play for the remainder of the day.
- 4. If signs/symptoms are observed after the player returns to play, remove player from the game.
- 5. File a supplemental game report of the incident with the appropriate AYSO authority.

REMEMBER, WHEN IN DOUBT, SIT THEM OUT.
